

# SCHOOLS POST-COVID FACT SHEET

## The current climate...

Nearly all teachers agree pupils are already **BEHIND** in their curriculum.

The latest estimate is **3 months** behind.

## Teachers blame this on...

1) lack of **engagement** in remote learning over time.

2) a lack of the **right tools** to make remote learning a success.

## Pupils & IT Equipment

Over **a third** of teachers had to provide their own IT equipment to pupils.

Over **one quarter** of pupils have limited access to IT at home.

## The future

Teachers agree that 'blended learning' must be adopted -

an **effective mixture** of remote and in-class learning in order to maintain equity for all pupils.

## What about support?

Headteachers feel schools need **more support** to help make this 'new normal' work.

There is often not enough **technical expertise** in the school.

## How can the entrust IT Group help?

The entrust IT Group have **extensive experience** with schools across the UK and can help you navigate the 'new normal' from as little as

educateIT
